2006 ATP CONFERENCE
100 YEARS OF TRANSPERSONAL PSYCHOLOGY
SEPTEMBER 7 - 9, 2006
INSTITUTE FOR TRANSPERSONAL PSYCHOLOGY

100 years ago, William James used the word 'transpersonal' for the first time, in reference to that which is shared between individuals. A century later, the Association for Transpersonal Psychology and the Institute for Transpersonal Psychology invite you to our annual professional conference, to teach, learn, and share the innovations and discoveries that have shaped the field since that auspicious day, and to help us chart the future for the next 100 years. The conference will include featured guest speakers: Stanislav Grof, Jeanne Achterberg, Jim Fadiman, Francis Vaughan, and more! The event will also include a special "Celebration of Women in Transpersonal Psychology" (more information below) on the evening of September 7th as well as a special Multimedia Event on the evening of September 8th. There

will be several programs and workshops held through the remainder of the conference with mental health professionals, scholars, and spiritual teachers. Continuing Education will be available for psychologists, LCSWs, MFTs and nurses. Discounted rates are available for volunteers. More information available at: http://www.atpweb.org/special_event.asp

2008 ATP CONFERENCE

"FUNDRAISER FOR THE STANISLAV & CHRISTINA GROF AV ARCHIVES"

7 P.M. - 10 P.M. ON SATURDAY, OCTOBER 28, 2006

AT CALIFORNIA INSTITUTE FOR INTEGRAL STUDIES

Seminal authors and teachers, Stanislav Christina Grof will attend an ATP fundraiser dedicated to preserving our transpersonal heritage. Recently, the Grofs donated a dozen boxes of tapes from the past 30 years of International Transpersonal Association (ITA) conferences, and ATP has tapes from its conferences for over 30 years. Some are reel-to-reel tapes and quite fragile. ATP has made the commitment to have these tapes preserved and digitized for the Stanislav and Christina Grof AV Archives which is already available on the ATP website. The archives currently hold more than 200 conference presentations, and the goal is to digitize over 1000 remaining tapes. At the fundraiser and soon on-line, you can sponsor a tape. Then, for the next 10 years, your name as sponsor will be listed next to the listing in the

archives. The fundraiser will include a presentation honoring the contributions that the Grofs have made throughout their career, as well as refreshments and time to mingle. Donations to this project are quite welcome and tax deductible. To register or for more information, visit the ATP web site:

ADDITIONAL LECTURES & WORKSHOPS

2006 EUROPEAN TRANSPERSONAL PSYCHOLOGY CONFERENCE REVEALING THE DIVINE FEMININE

OCTOBER 5-8, 2006
AT THE CHÂTEAU DE FONDJOUAN
IN THE LOIRE VALLEY, TWO HOURS SOUTH OF PARIS, FRANCE

Located in a magnificent natural setting, the 2006 Conference is co-organized by EUROTAS (the European Transpersonal Association) and will include about 20 European countries, and GRETT (Group for Research and Study in Transpersonal Therapy), a French association whose goal is to promote and support research and experience in the transpersonal field. Participants will come from all over the world but most of them will be from Europe. Experiential processes (workshops) will be an important part of this event, notably through using the language of the imagination and of the heart: images, symbols, dreams, poetry. There will be around 20 different workshops to choose from during the Conference that will explore the re-emergence of the feminine and its expression in our lives and throughout the world. Because connection is inherent to the feminine, this exploration does not set the feminine against the masculine, but rather invites us to search for balance and to discover a new dance between the two. Over the past 4 years, many members of ATP have participated in Eurotas conferences in Portugal, Romania, Moscow and London, and found them wonderful opportunities for collegial exploration and international networking.
